

Olympic Gymnasium Services

Climbing Frames

Olympic Gymnasium Services supply & install a wide range of climbing frames in schools & other facilities. Our range includes both wood & steel frames in a variety of styles with different panel layouts available for each model, giving you a large choice of challenging apparatus. All the frames feature folding designs so they can be easily opened & closed and take up a minimum amount of space when not in use.

We use British made climbing frames, and our prices include supply, delivery & installation (subject to site inspection & location). We also supply additional apparatus such as benches, ladders & poles, which can be attached to the frames to further enhance their options.

For further details visit our 'Climbing Frames' page at www.olympicgymnasium.com, or call us on 01295 760192.
